

# MARC HAMFEST 1999

## Bigger and Better!

The 1999 hamfest was more successful than last year's event. We had a better array of vendors and outstanding weather for a change. If you were there, you know the whole feeling of the event was positive.

Here are some views of hamfest '99 ... our 20th annual hamfest.

**Denver Amateur Radio Supply was our vendor of new equipment.**

**CQ VHF magazine editor Rich Moseson W2VU (right) joined Bob Josuweit WA3PZO (center), public service columnist for the magazine.**

**Carter N3AO sold books at the ARRL booth.**

**Other vendors included Gene's Computer Outlet, Larry & Joanne Stamm's badge engraving, and Bill Plum's DX supplies (center, rear).**

**A vendor of used gear makes a sale, while in the background is the colorful display of a digital camera vendor.**

**The Q-Stick Antennas guy wasn't busy at this moment, but he said he had a great sales day.**

**The members' gear sales table was calm while we were setting up ...**

**But that certainly changed once the buyers arrived. Gene WB3FTJ and Judy N3MBW did a fine job with this part of the hamfest.**

Not many area clubs accepted our suggestion of doing a club information table at the MARC hamfest, but we were pleased that some did ... PARA was one, and Holmesburg was another.

A very popular highlight was John Dilks K2TQN's Old Radio Bus, the antique ham station museum on wheels. He reported over 300 visitors! Find out more about John's project on his web page.

This new MARC display combines photo montages, certificates, a newsletter front page, and the WorldRadio article about UX0ZZ.

**A hamfest doesn't just happen, like crabgrass comes up in your lawn. Volunteers make it happen. The following members and friends of MARC contributed their work to the hamfest. If you know someone whose name should be added to the list, please tell Mike KF3CD. We want everyone to get credit where it's due.**
