FIELD DAY, 1978

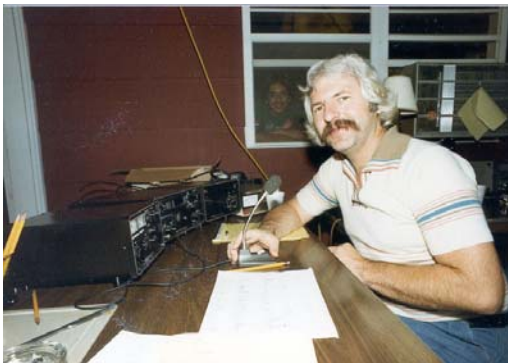

Like MARC's first Field Day in 1977, the '78 Field Day was held at the home of Ed Pennington K3YTR. Here's what an operating position looked like. As in '77, the callsign used was that of Bob Young W3NWA, seen below operating in 1978.

Left, that's Paul WA3YZL operating. We'd have to go back to the old QST's and see what kind of bonus points you could get for operating while sitting in a boat on dry land!

Left, a group takes a break inside the house. Left to right: Bill W3YSZ, Dave WB3JOY (standing), Ed K3YTR, Brian KA3KHK.

Left, John WB3GYV operates.

Right, Dave WB3JOY.

Notice that we made no comments whatsoever about the 1970's haircuts and facial fur!
